

THANKS *to* YOU
We Have Great News to Share

Napa Valley Vintners
Community Investments

THANKS *to* YOU,

we're working to ensure that all Napa County residents have access to quality health services and that children in our community have educational opportunities that help them live healthy, productive lives.

The Napa Valley Vintners, through Auction Napa Valley proceeds, has invested **\$170 million** toward these goals. It's a measure of our collective commitment to the success and wellbeing of all who live in our special spot on earth.

Child by child, family by family, brick by brick we are building an interconnected mosaic of human potential through every contribution you make.

On behalf of the **100,000 clients** of our nonprofit partners whose lives are made more whole by the transformative power of your giving, thank you.

– Napa Valley Vintners

Healthy Community

One in five Napa County residents depends on OLE Health as their primary source of wellness services. OLE Health is the largest single recipient of Auction Napa Valley funding and Napa County's only nonprofit health clinic, providing comprehensive care for those who need it.

- Our investments in community health agencies provide care for clients from birth to hospice, encompassing a wide range of physical and mental health services.
- **205,000 patient visits** or treatment sessions over the past year helped **60,000 clients** manage chronic illness, overcome mental health issues or receive preventative services.
- **8,040 care providers** received training to detect, treat or prevent illness and injury.

A close-up photograph of a woman with long, dark hair, wearing a green sweater, holding a newborn baby wrapped in a white blanket. The woman is looking down at the baby with a gentle smile. The background is softly blurred, showing what appears to be a crib or a similar piece of furniture. A blue banner with yellow text is overlaid on the top right of the image.

THANKS *to* **YOU,**
our community is healthier.

Children's Education

English language learners who participated in the Napa Valley Early Learning Initiative were three times more likely to be fully ready for kindergarten. Research indicates that kindergarten readiness is a strong marker for future success in school and in life and that narrowing the educational achievement gap helps all children succeed.

- From early childhood education to college access and support, our nonprofit partners provide in-classroom and out-of-classroom enrichment, mentoring, character development and access to technology.
- **30,000 students** were given tools to help them succeed in school and in life and our investments in training **520 teachers** will help them provide children with necessary skills for the 21st century.
- **1,800 youth** demonstrated improved healthy behaviors and **3,500** enhanced their academic skills due to mentorship, homework help and other support programs.

A young boy with dark hair, wearing a white polo shirt, is shown in profile, looking down at a desk. The background is softly blurred, showing a classroom or school setting with warm lighting. A blue banner is overlaid on the image, containing the text.

THANKS to YOU, *our children
are on their way to academic success.*

Family Engagement

Triple P (Positive Parenting Program) is an evidence-based program which promotes healthy and safe families by improving parenting skills, parent confidence, resiliency, coping skills and reducing stress. Cope Family Center now leads a countywide collaboration of local agencies disseminating Triple P throughout Napa County.

- Strong families create strong communities. Our investments help families learn economic self-sufficiency, parenting skills, child development and the importance of being an engaged citizen.
- **10,300 clients** learned how to prevent child abuse and neglect to ensure the safety of our children and **1,290 individuals** received counseling, parenting workshops, home visitation services and emergency support to ensure long-term stability.
- **1,880 adults** learned life skills that lead to self-sufficiency, including income tax assistance, family economics, English classes and assistance in completing their GED to help them create a brighter future.

CONSTRUCTION
ZONE

THANKS to YOU, *more families
are flourishing and self-reliant.*

More Than Bricks and Sticks

These recent investments in capital projects will ensure that more children have a safe and positive place for out of school time and that there is a low cost medical home for all who need it.

- An unprecedented **\$6 million** grant toward construction of the new OLE Health South Napa Campus, expected to serve more than **15,000 patients** annually. The 30,000 square-foot medical facility will offer a dynamic menu of services in the areas of primary care, behavioral health, dental, optometry, nutrition and more.
- A pledge of **\$2 million** to construct a new 14,000-square-foot clubhouse for the Boys & Girls Club of American Canyon. The facility is expected to serve **250-300 children** each day and will feature areas dedicated to early childhood education, teens and technology.
- A **\$2 million** grant to build a new 14,000-square-foot Boys & Girls Clubs of St. Helena and Calistoga clubhouse and community center in Calistoga with classroom space, technology and art labs, a commercial kitchen and a multi-purpose gymnasium.

THANKS *to YOU,*
we're building for the future.

THANKS to YOU, *we invested
in 27 Napa County nonprofits last year.*

THANKS *to* YOU,

in the past 12 months the NVV **invested \$14 million** in our community through our nonprofit partners which helped them assist **100,000 clients**.

The transformative work we are doing is a synthesis of funding and of hard-working, dedicated people who have the business acumen to lead successful organizations and are committed to their cause.

We look forward to your continued support at Auction Napa Valley, June 1-4, 2017.

napa valley vintners

The Napa Valley Vintners nonprofit trade association has been cultivating excellence since 1944 by inspiring its more than 525 members to consistently produce wines of the highest quality, to provide environmental leadership and to care for the extraordinary place they call home.
