

Napa County Community Health Agencies Receiving NVV Grants from Auction Napa Valley Proceeds

Aldea, Children & Family Services

\$835,000

Provides professional mental health, child welfare and support services to improve lives and create bright futures.

Area Agency on Aging

\$ 88,000

Provides programs and workshops focused on independence, health, safety and dignity of seniors, persons with disabilities and their caregivers.

Behavioral Health Integration Initiative

\$437,000

More than 30,000 people in Napa County use OLE Health as their primary healthcare provider. Often, people who come to the clinic with a physical ailment or chronic condition also have behavioral health needs. Breaking down barriers between agencies that provide physical and behavioral health helps Napa County residents become healthier and reduce costs.

Collabria Care

\$500,000

For those facing the transitions of aging, chronic illness or the end-of-life, Collabria Care provides Alzheimer's, chronic conditions and palliative care programs; caregiver respite and resources; and hospice services.

Community Health Initiative

\$250,000

Providing in-depth assistance to access every insurance plan available; follow-up to make sure clients are accessing health care services; and assistance at renewal to ensure there are no interruptions to coverage or health care services.

Cope Family Center

\$350,000

Through a diverse set of programs, including case management, parent education and self-sufficiency services, Cope is a place where you can learn how to be the best parent possible.

Girls on the Run

\$ 50,000

At the end of the ten weeks (20 sessions), girls leave with a stronger sense of self and a life skill tool kit so that they are better prepared to make healthy life choices, avoid risky behaviors and maintain a higher self-esteem during middle and high school and into adulthood.

Lilliput Families

\$ 60,000

Foster adoption services, kinship services, post-adoption services, workshops and trainings for parents; professional development for child welfare and mental health professionals.

Mentis

\$300,000

Provides bilingual professional mental health treatment services to those with emotional and behavioral problems. Services include: individual, family and group therapy, supportive housing and case management services, crisis intervention and specialized services tailored for older adults.

NEWS

\$185,000

Providing domestic violence and sexual assault services and support including a safe house, 24-hour help line, counseling, court advocacy and prevention through education and outreach programs.

OLE Health \$1,000,000

Provides high-quality primary healthcare and wide range of other services for all ages in Spanish and English languages, including dental, perinatal care, behavioral health, nutritionists and in-house pharmacy

ParentsCAN \$115,000

Offers a wide variety of services free of charge to all families raising a child with special needs. Services are tailored to meet the needs of each individual and family.

PDI Surgery Center \$75,000

Provides oral surgery under anesthesia to treat children with severe tooth decay, oral health education for parents while their child is undergoing surgery and sends outreach workers into the community to provide oral health education, screenings and dental coverage assistance.

Planned Parenthood Northern California \$230,000

Believes in trusting individuals and providing them with the information they need to make well-informed decisions about sexuality, family planning, and childbearing; PP provides medical services, advocacy and education with an emphasis on teen pregnancy and STD/HIV prevention.

Puertas Abiertas Community Resource Center \$90,000

Expanding literacy levels, creating and supporting self-sufficiency, increasing well-being and productivity for Latinos means a happier, healthier, more economically vibrant community for everyone.

Queen of the Valley – CARE Network \$550,000

CARE Network improves chronic disease management and quality of life for low-income adults through home or office visits by nurses and social workers offering comprehensive support and care management services.

Rianda House \$ 85,000

Provides upvalley seniors with programs, support services and experiences that stimulate minds, strengthen bodies and promote independent living through education, recreation and social involvement.

St. Helena Hospital Family Birth Unit \$500,000

Our team of doctors, OB-trained nurses and other healthcare professionals make sure that you and your baby get the specialized care you need - before, during and after the birthing experience.

UpValley Family Centers of Napa County \$375,000

We help families access what they need to succeed, providing information and referrals, application assistance, translation, case management, legal services, housing and more.
